

K-LOVE radio is the ONLY radio that I listen to! It is the ONLY station playing Godly music. It would be disastrous for this area to not receive this station. It IS in the best interest of this community- even vital to the spiritual growth - to continue to be able to hear this station of good and uplifting music, accurate world news, and announcers that speak appropriately for all the family to hear, free from innuendos of a sexual nature and bias that is not clean, uplifting and healthy for our well being. I ask for your consideration of my comments and those of many who will be writing to support K-LOVE.
